

## TRIANGLE TUBE TRAINING ACADEMY 2019 REGISTRATION OPEN

Registration is now open! Triangle Tube Academy training dates are available throughout North America. Registration is now open for several dates.

Triangle Tube Academy training dates are available throughout North America. Registration is now open for several dates. Please keep coming back to the website for updates on details and dates.

Lead Technicians will give contractors the competitive edge with extensive training on real-world application. Training includes a combination of classroom and hands-on work with Triangle Tube products. The course offers training in our live fire lab and focuses on proper installation practices, system and pump sizing and troubleshooting. Attendees will also get a look at Triangle Tube's newest condensing boiler, the Instinct, launching summer of 2019. Instinct Training schedule is currently being schedule. Sign up for our newsletter to find out when it's finalized. Sign up at [info@triangletube.com](mailto:info@triangletube.com)
